227 registered

83 registered and did not attend, 5 call ins

30 EPA employees did not attend

Notable that 8 tribal partners did not attend as we are having a tribal partner meeting in July.

I highlighted those who did not attend in the spreadsheet.

Hi,

Here's the breakdown of non EPA attendees and questions. I'll develop a stakeholder slide and include this info.

- Non-EPA registered: 154
- Non-EPA attendees: 119
- Questions Asked: 15 advanced questions + 16 live questions = TOTAL of 31 questions asked

Groups	# Attendees
Environmental NGO	20
Public Health NGO	5
Industry	7
Tribal Partner	11
Academia	7
Associations	15
State	31
Other (media, consultants, congress, etc)	23
<b>TOTAL</b>	<b>119</b>

Thanks!

Maureen

Thanks for this. Very helpful.

What would be really useful for the SCIC meeting and annual reporting is to know:

How many non-epa registered;

how many non-epa attended ;

how many questions were answered in the Q&A (break apart the ones we bundled because they were similar); and  
a table with categories and groups sorted into – ENV NGOs, Pub Health NGOs, Industry, associations, state office, tribal,  
misc, others that emerge as you look at this?

For me I would be curious to better understand the differences between registrants and attendees. Could we mark on the registrant list how many actually attended? Maybe highlight?

Luke – Could you do this please?

Thanks all!

Francesca

Hi Francesca and Belinda,

Attached are the stakeholder/partner meeting attendance report, final registration report and Q & A doc. I added some notes to the 'answer' column in the Q & Q doc to note questions that were asked or not.

Thanks!

Maureen
